### Community Information:

From the Lodi Whittier Library:

Looking for something to do this winter that's fun, educational, and free?

Your Lodi Library would like you to know that we currently have PRI passes available for checkout. Each pass allows access to the Museum of the Earth and Cayuga Nature Center for 2 adults and all children under 18.

The Paleontological Research Institution (PRI) and the Finger Lakes Library System are pleased to announce a new community accessibility partnership, the Library Access Program (LAP). The Library Access Program will enable libraries the opportunity to provide their cardholders with free general admission to both of PRI's public venues, the Museum of the Earth and the Cayuga Nature Center.

Free participation for libraries for the first year of the program is being made possible by grants from the John Ben Snow Foundation and the J.M. McDonald Foundation.
