

Please see this update from Sheriff Luce's office related to the incident reported in news outlets this past month:

## **Sheriff: Ovid incident misunderstanding**

### **Finger Lakes Times**

ROMULUS — After tracking down the tractor-trailer driver involved in the alleged Dec. 12 incident involving a boy near South Seneca Middle/High School, the Seneca County Sheriff's

Office says there was no wrongdoing.

The sheriff's office not only determined the incident was not connected to attempted abductions in Geneva last week, it's believed whatever happened in Ovid was the result of a misunder-

standing exasperated by a language barrier.

Sheriff Tim Luce urges all citizens to continue to immediately report any suspicious incidents of this nature so that they can be investigated in a timely manner.
