Dear South Seneca Families,

I am writing to let you know that our current Extended Day session will be ending on February 1st. Included in this packet is our new Extended Day schedule and permission forms for our next session which will run from February 5th – March 22nd. ***Please be aware that all Extended Day permission forms/plans that are currently in place will no longer be valid after February 1st and we will not automatically keep your child in a program. If you want your child to participate in our Extended Day Program during the months of February and March, it is essential that the permission forms are returned to the school no later than Wednesday, January 24th so we can plan accordingly.***

I would also like to remind everyone of a few pieces of important information related to our Extended Day Program:

- All students will meet in the cafeteria at dismissal and are provided a healthy snack before starting their program.
- Transportation will be provided for all students in the program at 5:30 PM. Parents may choose to pick their kids up if they wish, but we will have bus runs every night at 5:30 PM.
- We will not be running the programs on our March 7th Early Dismissal Day.

Since we are rotating groups and providing new sign up sessions every 2 months, we ask that you please have your child attend the program they have signed up for throughout the entire 2 month session. Switching students from program to program during these sessions can cause confusion, an imbalance in our supervision and/or disruptions to each group's plans for the short time period.

We do understand that life happens and there will be the need for occasional changes. However, it is important that we are notified in writing of any changes before 12:00 PM the day of the change. Otherwise, we will use these permission forms as a weekly commitment to determine where your child should go at the end of each school day. If you have any questions, please call me anytime at 607-869-9636 x4154 or email me at arundell@southseneca.org.

Thank you,

Adam Rundell
